## Member Services

*(LOWER MAINLAND)*

Even though very few of us were actually on the field, there's no doubt that this last year has been a year every BCFOA member will remember. Yet myself and the rest of your Executive has been working hard, behind the scenes, to continue pursuing the business of our Association. In reflection, I'm sure we can all agree that not having the chance to officiate and further our members' great on-field and off-field comradery was truly unfortunate. One can only hope for a return to football at some point in 2021. In getting ready for that, I'm always looking to pursue and recruit as many new officials to our BCFOA family as I can. With aging membership, that will continue to be an ongoing task. With all of us keeping an active awareness for new members, the task of recruitment and retention is one every BCFOA member can take pride in being a part of. In the meantime, I'm pleased to be a part of an Executive that continues to improve on what we've accomplished to date. The BCFOA website is one such example of what we're striving to improve. It's an invaluable tool chalk full of resources for every member. Of course, that includes long-serving members as well. I've personally been working on improving the "Lifetime Members" section of our website. Between a lack of or simply missing information, I hope to continue to have the chance to make that section better and provide our long-serving members with the accolades they deserve. It's my most recent example of the work I've done over the past 3 years as Director of Member Services for the Lower Mainland. I'm proud of my accomplishments and would be honoured to continue to serve you over the next 3 years.

Sincerely,

Drew Parkinson

Director of Member Services (Lower Mainland)
