

Member Service Director – North, BCFOA 2020 Report

This will be short as like everywhere else nothing was going on. I canvassed the northern officials to ensure that they would be available should anything happen. I had a full slate ready to go. I had a couple of conversations with the new high school football rep and everything was on hold waiting on Provincial health to give a go ahead. Just a note that Richard Bundock will receive a 35-year pin and Tony Reynolds will receive a 30-year pin for Services as an official. Well done lads.
